or Penny at 253-941-2628

March 24

Starting Seeds Using Origami Seed Pots, Lynne Skidmore

Learn to start your spring vegetable and flower seeds using origami seed starting pots you make yourself. These pots made of newspaper can be buried in the ground, and you'll never have to spend money on peat pots again.

April 28

Gardening with Native Plants, Ed LaCrosse

Learn how to use plants native to this area in your garden.

May 19

Care of Roses, J. Wycoff.

Learn how to care for your roses in ways that benefit bees, good bugs, and your garden.

June 23

Garden Design for Easy Maintenance, Bonnie Bush

Learn to design a beautiful and easy-to-maintain garden. Get tips on which plants are best to grow and on how to make gardening chores easier.

July 28

Lavender Wands, Rose Jackson

Learn to make beautiful lavender wands from fresh lavender stems.

August 25

Fall Fireworks in Your Garden, Susie Egan

Enjoy a slideshow of colorful plants that add drama and excitement to the end of the gardening season. Learn to create combinations of perennials, grasses, shrubs, and vines that add color, texture, movement, and drama to your garden in fall.

September 22

Dahlias, Betty Burton

Learn how to select, plant, and care for dahlias.
